Children Cry for PITCHER'S

CASTORIA

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M.D.
111 South Oxford St., Brooklyn, N.Y.

"I use Castoria in my practice, and find it specially adapted to affections of children." ALEX. ROBERTSON, L.D.
1007 2d Ave., New York.

"From personal knowledge I can say that Castoria is a most excellent medicine for children." DR. G. C. OSOON,
Lowell, Mass.

Castoria promotes Digestion, and overcomes Flatulence, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

DOWN TO FACTS.

Summing Up the Result of Tuesday's Election.

FIRST REPORTS PROVE TRUE.

McKinley's Plurality will be over Twenty Thousand—A Very Close Contest in the New York Legislature—The Republicans Still in Possession of the Iowa Legislature.

COLUMBUS, O., Nov. 6.—Not all the returns are in, nine counties being missing, but accepting the figures—some of them being official—that have been obtained and estimating the probable returns of the missing counties, McKinley's plurality is calculated at 20,480. The missing counties are Brown, Butler, Carroll, Coshocton, Licking, Marion, Medina, Ross, Shelby, Stark.

It looks very much as though the prediction of Chairman Hahn that the plurality would be between 19,000 and \$1,000 would be verified. In fact, all the estimates made by Mr. Hahn have been very close, in many cases within fifteen or twenty of the exact vote.

People's Party in the State.

TIFFIN, O., Nov. 6.—But fifteen counties reported the People's party vote complete. Chairman Barnes said the vote in the state will not be less than 35,000.

New York.

ALBANY, Nov. 6.—Governor Hill claims the election of Hoyt in the Eighteenth senatorial district over Donaldson by a plurality of at least 50. The Republicans claim Donaldson's election by a plurality of 264. In the Fifteenth senatorial district, where the contest is also close, both sides claim the victory. The Republicans say that Deane is elected by a plurality of 187, while on the other hand the Democrats claim that Osborne has a plurality of 13 over Deane.

New York Assembly Republican.

ALBANY, Nov. 6.—Official returns thus far received would indicate a tie in the assembly and a Republican majority of 4 in the senate.

Iowa's Returns.

DES MOINES, Ia., Nov. 6.—The following summary of the composition of the legislature is given: Republicans members of house, 54; Democratic members, 44; People's party members, 1; in doubt, 1.

Republican members senate, 24; Democrats, 25; Union Labor members senate, 1. Republican majority in house, 8. Opposition majority in senate, 1. Republican majority on joint ballot, 7.

It is possible that later returns may reduce the Republican majority in the house to 4, but it is not believed it will go lower than that.

Boies' plurality is given at 7,026.

Massachusetts.

BOSTON, Nov. 6.—Complete returns have been received which show that the next legislature will stand as follows: Senate—Republicans, 23; Democrats, 17; House—Republicans, 150; Democrats, 89; Prohibition, 1.

Official figures show the vote to be as follows: Russell, 157,037; Allen, 150,169; Kimball, Prohibition, 8,182; Winn, People's, 1,818. Russell's plurality 6,868. Russell last year had a plurality of 9,053.

Iowa.

DES MOINES, Nov. 6.—Semi-official returns have been received from every one of the ninety-nine counties, which show that Governor Boies' plurality will be fully 9,000. The other candidates on the Democratic state ticket run slightly behind the vote for Governor Boies, but there is no longer any question that they are all elected.

Pennsylvania.

HARRISBURG, Nov. 6.—Complete figures from every county in the state show a plurality of 58,899 for Gregg, Republican, for auditor general, and 53,784 plurality for Morrison, Republican, for state treasurer.

Slow Returns in Nebraska.

OMAHA, Nov. 6.—Nebraska returns are slow coming in. Post, Republican for supreme judge, has 6,000 majority with thirty-eight heretofore strong independent counties to be heard from.

ON A GRAVITY RAILROAD.

Several People Injured in an Accident at Reading, Pennsylvania.

READING, Nov. 6.—Two cars on the Mount Penn Gravity railroad got beyond the control of the conductor and brakeman yesterday afternoon, and jumped the track on the home stretch. Irvin Houck, the conductor, was instantly killed by the collision of the car with a huge rock. Anthony C. Keeley, brakeman, had both legs badly crushed, and it is believed will die. Keeley assisted in building the road, and came here from Kentucky three years ago.

Miss Mary Brent, of 602 Spring Garden street, Philadelphia, was badly cut about the head and body, but her injuries are not regarded as fatal. Frank Klemmer, her companion, also from Philadelphia, sustained a fractured skull and will hardly recover. Thomas W. Ganter, of this city, was cut about the head and body.

The failure of the employees to hold the car, it is said, was caused by a bad rail and wet leaves which became wedged between the brake liners and wheel. The injured were taken to the Reading hospital. George Johnson, of this city, a passenger, jumped from one of the cars just previous to the crash and escaped injury. No others were injured.

The names of those injured in the wreck were Miss Mary Beck, twenty-one

years old, of Philadelphia, badly injured about the head and body; Frank Klemmer, of Philadelphia, injured internally and about the head, will die; Brakeman Anthony Keely, both legs cut off, will die.

Mr. Klemmer and Miss Beck were to have been married in a few days. They were making a pleasure trip to Reading at the time of the accident.

MYSTERIOUS TABLETS.

Were They Carved by a Follower of La Salle?

LA HARPE, Ills., Nov. 6.—The sandstone tablets recently discovered several feet in the virgin soil under an old decayed stump on a farm here, contain characters that are attracting the attention of naturalists and antiquarians. The two tablets are of sandstone 11 by 10 1/2 inches thick. One end is inscribed with some unintelligible words and in Roman capitals the date, June 11, 1715. Lying on the edge of the tablets and partially over lapping them were found a flint arrowhead and three flint sprays, doubtless the instruments with which the lettering was cut. The lettering is fairly well executed. The tablets on the reverse sides show the wear from water and other natural elements, showing that they were originally the exposed sides of a glacial boulder.

The theory is that the tablets are the work of some ignorant follower of La Salle and Tonti, who established a military post called Fort Creve Coeur, where Peoria now is. On Jan. 3, 1680, La Salle, while exploring the Mississippi river, left the fort and men under command of Henry Tonti, an Italian. A few years later, probably in 1687, while Tonti and La Salle were both absent from the fort, most of the men, doubtless ignorant Frenchmen from Normandy, revolted, destroyed the fort and fled with all the arms, tools and provisions. They became like the savages, no doubt joining the Indians, so that twenty-eight years after the revolt some of Tonti's followers doubtless drifted down to this spot and, after partially etching out these mysterious letters on the tablets, buried them together with the rude tools with which he did the work. The tablets have been sent to the Smithsonian Institution at Washington for inspection.

MORE MINERS' TROUBLES.

Railroad Coal Operators and Miners Fail to Agree.

PITTSBURG, Nov. 6.—Another break between the railroad coal operators and miners has occurred and about 1,000 of the miners have refused to return to work because of the operators refusing to recognize the miners' union. The operators at several of the mines say that while they are willing to treat with the miners individually they will not recognize their organization. The miners say that their organization must be recognized or another general strike will be ordered.

At a meeting of the river operators yesterday the subject of reduction of the wages of their employees to three cents per bushel for mining was not discussed. Prominent river operators deny that such a move is contemplated. The amount of coal loaded and in the river harbors is not nearly sufficient to supply the demand during the winter, and many millions of bushels must be dug before existing contracts are satisfied.

Spared Her Husband.

BOSTON, Nov. 6.—Margaret Coughlin died at the Massachusetts hospital yesterday as the result of taking a dose of poison for the purpose of sparing her husband the necessity of watching by her bed. The deceased lived at 26 Prince street, and for a year or more past had been a helpless invalid. Her husband had to sit up with her nights after returning from his work. This affected his health, and his wife, after long vainly praying for death, in order to relieve her sufferings sent out for a bottle of ammonia liniment and drank the contents.

Changes in the Cabinet.

NEW HAVEN, Nov. 6.—Information was received by The Palladium last night from what it terms a source of undeniable authority that Senator Hiscock has been offered the portfolio of secretary of war by President Harrison to succeed Mr. Proctor, who has resigned. The information also states that it is the intention of the Republican managers to fix upon J. Sloat Fassett as Mr. Hiscock's successor in the senate.

A Pugilist Suicides.

BRIDGEPORT, Conn., Nov. 6.—William Downs, a local pugilist, went upon the railroad track Wednesday and stood while an express train approached. T. engineer was unable to stop, and Downs was killed. He was despondent because of a defeat in the ring.

Released Convicts Captured.

NASHVILLE, Nov. 6.—Over one hundred convicts have been recaptured and returned to the main prison here. Sixty-six returned here from Chattanooga last night in one batch, of which forty-six were brought in from Kentucky points.

Was Not Guilty.

CHICAGO, Nov. 6.—Dennis Sheehan, Democratic judge of election, on trial before Judge Horton on the charge of breaking open a ballot box at the municipal election in this city last spring, was acquitted by the jury yesterday.

Hotel Burned.

LURAY, Va., Nov. 6.—The Luray Inn of this place, was destroyed by fire last night. The fire started in the kitchen of the hotel. A portion of the furniture was saved. Loss \$125,000. Insurance about \$100,000.

Vessel Wrecked.

HALIFAX, N. S., Nov. 6.—The Furness line steamer Ottawa, from Halifax for St. John, N. B., is a total wreck on Seal Island. Her crew are safe, except the stewardess, who is reported drowned.

AS BRITANS SEE IT.

Cause of All the Trouble With Chill.

OF COURSE WE ARE TO BLAME.

What the Officers of the British Warship Champion Have to Say About the Recent Brazilian Affairs—A Brief Summary of the Recent Disturbance There.

VICTORIA, B. C., Nov. 6.—The officers of the war ship Champion, which arrived Tuesday evening, say: "Everybody that knows anything about the subject, and we saw the whole maneuver, is very bitter against the United States steamship Baltimore for her action in making herself a spy on the congressionalists. They landed at Quintero from their ships, and marched up to Conoco. At the time we were lying alongside the Baltimore at Valparaiso.

The American steamed around the point to Quintero, and watched the whole of the landing of the troops and then deliberately turned back and made for the government wharf in Valparaiso. She was at once boarded by the government officials. The evening papers came out with the alarming headline, stating that owing to the kindness of the American officers the government was in possession of the fact that the revolutionists were marching on Conoco. It was an unaccountable act, and coming, as it did, from the flagship of a nation priding itself on justice and fair dealing it was simply astounding."

The officers of the Champion furnish an interesting account of the war, having been spectators of most of it. Exhaustive reports of the battles, naval engagements, and everything which might furnish a lesson in modern warfare, have been prepared and forwarded to the British authorities. The Champion's officers were banqueted by the congressional leaders before leaving as a mark of their appreciation of their fair conduct during the conflict.

According to Captain Scott, of the steamer West Indian, a band of organized garroters are responsible for the murder of the Americans at Valparaiso. He says the Chileans are prepared to fight rather than accept the responsibility of the affair.

The officers of the Champion say that 11,000 men were killed at the battle of Placilla, after which the victorious troops received a glorious and enthusiastic welcome by the inhabitants of Santiago.

PERSONATED A DYING MAN.

A Life Insurance Swindle Which Has Just Come to Light.

NEW YORK, Nov. 6.—John J. King, a respectable citizen of Brooklyn, hitherto, was arrested Wednesday night in this city at the request of the Boston police. The charge against him, as alleged, is peculiar, involving him in a fraudulent transaction from which, so far as is known, he neither has nor expected personal gain. Some months ago a friend of King, dying with consumption and at that time in the last stages, applied to the Boston branch of the New York Life Insurance company for a policy of \$2,000 on his life.

Knowing that in his condition it would be impossible for him to pass the examination or get the policy, he arranged with his friend to impersonate him before the examining physician and secure the certificate in his name. This was successfully accomplished as alleged by King and the policy secured without the company suspecting that any fraud had been perpetrated upon them.

In due course of time the sick man died and demand was made upon the company for the payment of the policy, which, as everything appeared regular, was done, the amount being turned over to the dead man's widow. Recently the Boston manager discovered that all was not as it should be, and the matter was investigated, with the result that the deception was discovered and a warrant issued for King's arrest.

DESPERATE SURGERY.

The Intestines of a Boy, Who is Shot, Taken Out, Sewed Up and Replaced.

CAIRO, Ills., Nov. 6.—John Nelson, a boy of thirteen, while rowing his father's shantyboat in the Mississippi was shot through the body by a stray bullet from Bird's Point, Mo. He was brought here, and efforts are being made to save him, but can hardly succeed. The intestines were perforated in twenty places. They were removed, sewed up and replaced. The patient stood the operation remarkably well.

BAD WOMEN AND WHISKY.

A Notorious Desperado Shot by His Own Son.

HUNTINGTON, W. Va., Nov. 6.—Parie Brumfield, the notorious desperado, was shot five times yesterday and died in a few hours. He was beating his wife when his son Charles opened fire upon him, shooting him through the body.

Brumfield has in his time killed more than a dozen men, but had always been quiet and peaceful in his home until he began associating with bad women and whisky.

One Killed, One Captured, One Escaped.

SAN FRANCISCO, Nov. 6.—William Howard, Jack Rice and Abe Jones, the three stage robbers who were arrested about a fortnight ago, and who escaped from the officers while being brought to Redding, were located yesterday by officers, and Howard shot and killed on his refusal to surrender. Rice was jailed and has made a full confession, showing they robbed six stages. Jones escaped, but the officers are in pursuit and will take him dead or alive.

SENATOR SHERMAN INTERVIEWED.

His Opinion on the Result and Effects of the Recent Election.

MANSFIELD, O., Nov. 6.—Senator Sherman was seen at his home yesterday and

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

FRIDAY, NOVEMBER 6, 1891.

PRESIDENT POLK, of the Farmers' Alliance, claims that a million dollars was sent to Ohio to help McKinley out this week. The Republicans could keep a good many voters away from the polls with that much money.

The Portsmouth Tribune serves notice on Foraker that the Republicans of Ohio are not in favor of promoting him at the expense of Sherman. The Commercial Gazette thinks differently. The Senatorial fight is on in earnest.

The People's party didn't ent much of a figure in Ohio this week, taking the State over, but it knocked out the Democrats in Adams County. The third party got two votes from the Democrats to one from the Republicans.

The Gretna Green pronounces the new voting system in Ohio a success. There were 415 ballots cast at Aberdeen, and only two of these were thrown out. The voters over there didn't have much trouble in adapting themselves to the Kangaroo's antics.

The people of Ripley are manifesting the right spirit in adding to their industrial enterprises. In the past year or so, they have started a washboard factory, a paint factory and a shoe factory, and now they are fitting up a creamery. Maysville must beatir herself.

WHAT a boom a factory employing 150 or 200 hands in the East End would give to that part of the city. Not a soap bubble boom, but one of the genuine sort. Why don't the big real estate owners of that end of the city—and we include Chester—get together and do something?

"TAKEN altogether the general effect of the elections is to show both parties that the next Presidential contest will require their strongest efforts and energies," says the Louisville Commercial. The Commercial admitted in a previous issue that the Democrats got the best of the Republicans this week, and there is no question they are in much better trim for '92 than the G. O. P.

TWO years ago Campbell polled 40,803 votes in Cincinnati. This year he polled 31,689.

Two years ago Foraker polled 33,550 votes in Hamilton County and this week McKinley got 37,116.

Campbell's vote this year was 9,114 less than his vote two years ago while McKinley gets 3,556 more than Foraker did in 1889.

The Enquirer remarks that "there are times when election statistics make mighty interesting reading." It is very evident the "gang" got in their work against Campbell.

The Lexington Transcript boldly admits that in primary elections its influence goes to the highest bidder, provided it regards the bidder qualified for the office he seeks. There may be a few other papers in the State that are guilty of such doings, but if there are they are so shamed of it that they keep silent. The Daily Press openly charges that "the Transcript has always been a venal paper and sold its columns in every election that has taken place during the past seven years—primaries and regular, the price varying from \$300 to \$500 each time, and that the editor and proprietor was hawking his paper around for several weeks before he succeeded in finding a purchaser."

Doesn't the Transcript's confession demand some action on the part of the Kentucky Press Association?

Official Result in Brown County.

Following is the official result of the election in Brown County this week: For Governor, McKinley, 2,693; Campbell, 3,703; Ashenhurst, 89; Seitz, 423; Common Pleas Judge, Collins, 3,038; R. E. Campbell, 3,527. For Representative, Fisher, 3,425; Shelton, Republican, 2,474; Parker, Peoples', 406. For Treasurer, Tissandier, Democrat, 3,367; Utter, Peoples', 1,109. For Commissioner, Cumberland, Republican, 2,502; Pindle, Democrat, 3,439.

R. E. Campbell was defeated in the Judicial district by 476 votes. Tissandier, for Treasurer, carried the county by the largest majority ever given.

The successful candidate for Judge is Henry Collings, of Manchester, a young lawyer well known in Maysville. He was nominated by the People's party and endorsed by the Republicans.

Pioneer Sarsaparilla.

Priceless, peerless, pure and perfect. The greatest blood purifier of the age. The cheapest treatment on earth, combining economy and virtue. Only fifty cents per bottle. For sale by Power & Reynolds.

THE PARDONING POWER.

The Great Evil Growing Out of Its Indiscriminate Use.

Says the Georgetown Times: "Great evil has grown out of the indiscriminate use of the pardoning power vested in the Governor, and yet this official is not entirely to blame. It sometimes happens that a person is scarcely convicted of an offense against the law before some friend is circulating a petition to have his fine remitted or invoking Executive clemency in some other way, and there are many persons so kind-hearted or so desirous to accommodate (when it don't cost them anything) they will sign most any kind of a petition presented to them; again there are persons who have been known to sign petitions without reading them, or even knowing their contents. The Times has repeatedly ventured the opinion that if the Governor would make public his reasons for remitting fines, granting pardons, etc., and would also make public the petitions and petitioners' names, when his interference is asked in this way, he wouldn't be troubled so much. The new Constitution has done something in the direction of abating the evil. Section 77 of that instrument says:

It shall have power to remit fines and forfeitures, commute sentences, grant reprieves and pardons, except in case of impeachment, and he shall file with each application therefor a statement for the reasons for his decision thereon, which application and statement shall always be open to public inspection.

"Heretofore such petitions have belonged to the private papers of the Governor, and the public was in ignorance as to who signed them. This change is one of the good features of the new Constitution."

The queen of autumn, the chrysanthemum, is now in all its glory. The Japanese, who excel in floriculture, value the chrysanthemum above all flowers, it being their national emblem.

The Baptist Church at Lewisburg will commence a meeting next Sunday. The pastor, Rev. J. W. Loving, will be assisted by Rev. W. J. E. Cox, of this city, beginning Monday evening.

"Who first comes to this world below, with drear November's fog and snow, should prize the topaz's amber hue, emblem of friends and lovers true." Call and see those lovely birthday rings Ballenger, the jeweler, is selling.

SAYS the Augusta Vindictive: "The First and Second Presbyterian churches of this city have united, and in the future will worship as one body. The members of both churches worshipped together last Sunday at the Fourth street church."

This is the way the Mt. Olivet Tribune Democrat looks at it: "With the electric railway, which we are sure to get, will come Eastern capitalists and develop our oil and natural gas interests, provided local enterprise doesn't take immediate steps."

The following persons have been notified through their attorney, M. C. Hutchins, that pensions have been granted them, viz: George Bentz, Mayslick, \$12 per month from January 11, 1891; Henry L. Tolle, of this city, \$8 per month from July 12, 1891.

Do not expect advertising to do everything. To be successful it must be backed by honest goods and fair dealing, and supplemented by courtesy and prompt attention. Your place of business should be as attractive as your newspaper announcement.—Printers' Ink.

ATTORNEY GENERAL HENDRICKS decides that "there is no word or line in the new Constitution which limits in any way the taxation which a school district or a part of a county may vote upon itself for the purpose of maintaining a system of education, such as is contemplated in our common school law."

CARDS have been issued announcing the approaching marriage of Mr. Charles F. Haughey and Miss Lizzie Ross Rhoades, both of this county. The wedding will take place Nov. 10th, at 7 p. m., at the M. E. Church, South, in Washington. The bride to be is a daughter of Mr. and Mrs. Wm. Rhoades.

NEW YORK, October 19.—The New York Herald has startled its companions of the press by the announcement of a free discussion of the question of the times—"The Silver question." Their columns are open. It matters not, either silver, gold or currency will suit Frank Owens Hardware Company for all goods in hardware, guns, ammunition, coal vases or anything else.

The Kentucky Running Association at Lexington was unable to carry a debt of \$6,000 and has assigned. The indebtedness consists principally of \$30,000 in first mortgage bonds held by Charles Green, of St. Louis, and the builders' and contractors' bills for making the improvements on the track. The association offered to sell its entire property to the Trotting Horse Breeders' Association for \$60,000, but they refused to buy it. Now it is proposed to settle up the association's affairs, reorganize and take a fresh start.

PUBLIC SCHOOLS.

The State Superintendent Wants the Views of the People on Proposed Important Legislation.

What are the views of the people of Kentucky, as far as can be ascertained by those into whose hands this circular may fall, to the propriety of action by the next General Assembly on the following subjects?

1. The law relative to school-book supplies.

2. The establishing of a Normal Institute in every county, to be held four or five weeks each year, under licensed instructors, to insure to the common schools an adequate supply of professional, ambitious and capable teachers.

3. The restoration of the county as a unit of taxation aid to the common schools.

4. The increase of the common school term, and how this can be accomplished.

5. The building and furnishing of a school house of sufficient size, and otherwise adapted to the requirements of a progressive age and live teachers.

6. Uniform laws for schools (reporting to the State office) in cities of the various classes.

7. The prevention of nepotism and favoritism in the selection of teachers, by which efficiency is often sacrificed to partiality.

8. The payment of teachers according to the grade of certificate, and making first-class certificates good in every county in the State.

9. Restoring to the State Board the power to grant certificates, good anywhere in the State.

10. Recognizing the Pedagogical Diplomas of the State College Normal Department as valid in every county for a term of years.

11. Compulsory education. Yours truly,

ED PORTER THOMPSON.

Fuel Gas.

Ex-Governor Knott, General Fayette Hewitt, General P. W. Hardin and Mr. Charles Hoge, of Frankfort, Mr. Mack Armour, of Cincinnati, and Hon. G. Mat Adams, of Ashland, composed a party here yesterday investigating the Harris process of making fuel gas. Another part is here to-day composed of Captain Honsell, of Catlettsburg, and Messrs. John Russell and — Kelly, the big iron and steel manufacturers of Ashland.

It has been demonstrated that with cannel coal an excellent quality of fuel gas can be made at a cost of 4½ cents per thousand cubic feet, and that, too, without using a drop of oil.

There is None Better.

Dr. R. L. St. John, of Howland, Putnam County, Missouri, takes especial pleasure in recommending Chamberlain's Cough Remedy, because he knows it to be reliable. He has used it in his practice for several years, and says there is none better. It is especially valuable for colds and as a preventive and cure for croup. The most excellent medicine is for sale by Power & Reynolds.

If you would like to see some fine chrysanthemums, visit H. H. Cox & Son's greenhouses. They have the best display ever seen in the city, and are selling them cheap.

4d6tw2

MINER'S MAXIMS.

Pairs and Repairs

Are Apt in Boots to Go Together.

There is a certain pair of Boots which we do and do not possess—that is to say, they are ours only for the time being. Thirty-seven years ago Miner made them; an unpaired and youthful looking pair they are to-day, to all intents and purposes as good as ever, and worn since '55 on Sundays only. Thanks to their owner's courtesy, they can be seen at Miner's.

Bought from Miner long before the war, Miner cannot buy them back again—the feet they were made to fit so long ago will wear them to the end. If, like Shoes, these Boots had tongues, and could speak, would they not say, "Boots may come and Boots may go, but we stay on forever; rough roads or smooth have been the same to us, for Miner made us and Miner made us well."

Come and look at these patriarchal Boots. History repeats itself. What Miner did thirty-seven years ago he does to-day. The past guarantees the present. From Miner you can always get, for an exceedingly moderate price, an exceedingly good article.

|--------------|-----------|
| Expense..... | 13 50 |
| Salary..... | 175 00 |
| Total..... | \$ 188 50 |

Balance..... 63 80

Claims and accounts amounting to \$1,933.16 were allowed and ordered paid. Following is a recapitulation of same:

Alms and alms house..... \$ 106 60

Station house..... 62 93

Gas..... 337 80

Miscellaneous..... 6 30

Internal improvements..... 916 15

Police..... 240 00

City Undertaker..... 10 50

Work on wharf..... 59 28

W. H. Cox for stone, &c..... 191 50

Total..... \$ 1,933 16

Major Pearce withdrew the nomination of County Attorney Newell as City Prosecutor and nominated James N. Kehoe for the position. Mr. Kehoe's nomination was confirmed. Under the new Constitution Mr. Newell couldn't hold both offices.

Mr. W. Cox's report of money collected on account of work done on Maddox avenue and for new curbing on Market street was filed. The same amounted to \$213.41, and is to be credited to the Internal Improvement Committee.

Marshall Heflin reported that he had notified all the registration officers of their appointment.

The Committee on Public Buildings reported and recommended that the old station house be torn down, and the material removed, to the "City Park" adjoining the almshouse, the rock, iron ceiling, lumber &c., to be used as far as practicable in the erection of a work house and station house combined in accordance with the provisions of the city charter. The committee reported that the station house was a disgrace to the city and a terrible nuisance to the citizens in the neighborhood. They advised the retention of the lot and that it be thrown open as a play ground for the pupils of the High School, and also recommended that City Marshal Heflin be allowed to occupy the dwelling on the lot as a residence, rent free, until Jan. 1st, 1892. The report was adopted, and on motion the committee was instructed to advertise for bids for tearing down the station house and removing the material to the "City Park." Arrangements have been made to confine the prisoners in the county jail.

The joint committee on Laws and Ordinances and Licenses reported adversely to the proposed increase in the coffee house license from \$250 to \$500, and in view of the prospective classification and reorganization of the cities by the coming Legislature under the new Constitution, the committees recommended that no change at all be made in the license schedule at present. The report was adopted.

The improvement of Lindsay street was ordered done in the cheapest manner possible.

The committees to whom the lottery question was referred reported and recommended that the lottery license be increased from \$500 to \$1,000. Report received.

An amendment to the "pauper" ordi-

nance was reported, received and adopted under a suspension of the rules. It gives the Council the power by a majority vote of the members present to make provision for or disposition of any pauper as the Council may think best for the interests of the city.

A gas lamp was ordered put up near Davis' corner, Fifth ward.

The Committee on Laws and Ordinances reported adversely on the adoption of the fuel gas ordinance in the present form. One objection was that it was unconstitutional in that it contained a grant for a perpetual franchise. The matter was referred back to the committee, with instructions to confer with the Maysville Fuel, Light and Steel Company and prepare an ordinance suitable to all parties.

The citizens residing on upper Market street petitioned Council to change the place of stock sales from said street. The petition was granted and it was ordered that said stock sales hereafter be held on Limestone street, between Second and Front.

A crossing was ordered put down at Second and Lower streets, and the question of putting down a gutter on south side of Second in front of property west of Lower was referred to Committee on Internal Improvements to investigate and report.

Mrs. Mary Bauer was granted permission to erect a double frame residence on south side of Third street, west of Wall.

An ordinance providing for the consolidation of Chester and Maysville under the act of the last Legislature was introduced, received and adopted under a suspension of the rules. The ordinance submits the question to the voters of Maysville at a special election to be held Nov. 28th, 1891. Officers of election are named in the ordinance. Under this ordinance the town of Chester shall not be responsible for any debt or debts of Maysville existing at the time of consolidation, nor shall Maysville be responsible for any debts of Chester existing at the time of consolidation. The ordinance of Maysville preventing stock from running at large shall not apply to Chester in case of consolidation, unless a majority of the legal voters of Chester shall vote in favor thereof upon the question being submitted to them on due notice. The election to decide the question of consolidation shall take place on the date named, provided the Town Council of Chester, by a similar ordinance, submits the question to the voters of Chester on same date.

A special registration was ordered to be held on November 17th for said special election on November 28th.

An ordinance was passed under a suspension of the rules fixing a penalty of from \$1 to \$5 for any one to jump on or hang on any street car or railroad car for the purpose of stealing a ride.

The ordinance to prevent loafing on the streets and street corners was amended. The penalty was fixed at not less than \$1 nor more than \$5. Any police officer is liable to a similar fine if he fails or refuses to enforce the ordinance. The ordinance does not apply on County Court days or public holidays, and the police are forbidden to make arrests under it through malice or dislike to any one. The tenor of the ordinance is to effectually break up the pernicious habit of whites and blacks in loitering about the streets and corners to the detriment of the business men.

The Ways and Means Committee was authorized to borrow \$1,500 for current expenses.

The Mayor reported the tax paid on seven dogs, making 283 to date.

A brick gutter was ordered put down in front of R. H. Newell's residence, and also from Christian Church to the one in front of C. H. White's property at corner of Third and Limestone.

The Council then adjourned.

Stop in and look over Kackley & McDougle's cheap table. Big reductions.

The First National Bank declared a semi-annual dividend of 4 per cent. this week.

LADIES, read Hoechst & Bro.'s advertisement. They are closing out their stock of cloaks regardless of cost.

The Committee on Public Buildings advertise elsewhere for bids for tearing down the station house and removing the material to the almshouse lot.

Now is the time to leave orders for life-size photographs for Christmas presents. Nothing is more appropriate.

Young Mothers!

We Offer You a Remedy
which Insures Safety to
Life of Mother and Child.

"MOTHER'S FRIEND"

Relieves Confinement of its
Pain, Horror and Risk.

After using one bottle of "Mother's Friend" I suffered but little pain, and did not experience that weakness afterwards, usual in such cases.—Mrs. Anna G. Ladd, Mo. Jan. 15th, 1891.

Sent by express, charges prepaid, on receipt of price, \$1.00 per bottle. Book to Malters mailed free.

CABINET CHANGES.

Secretary Proctor Leaves the War Department.

ALREADY LEFT WASHINGTON.

He Will Enter the United States Senate as a Successor to George F. Edmunds. Stephen B. Elkins Spoken of for the War Portfolio—Other Dispatches from the National Capital.

WASHINGTON, Nov. 6.— Secretary Proctor has gone to New England, and will not return to the war department as its actual head again, except to turn the office over to his successor. Governor Page has appointed him senator, and so it would not be proper for him to act as a cabinet member, although he really does not become senator until congress meets.

Now that Mr. Proctor has been appointed the president will give his attention to the selection of his successor in the cabinet. The president, however, does not intend to announce his appointment until the senate meets, and will send the resignation of Mr. Proctor and the name of his successor to that body at the same time. The president, however, intends to settle the matter before that time, and then save himself much embarrassment from senators and representatives who will call with recommendations, for he will then be in a position to say that the selection is made.

As to the statement that Mr. Stephen B. Elkins is to be lucky man, matters seemed to have changed in this regard. A cabinet officer who holds the president's confidence, and who is good authority on such matters, says that the president has not made up his mind, and when asked if it was likely that Mr. Elkins would be appointed he replied that he did not think the president had asked Mr. Elkins to accept the place. Nor did he think he would.

An official who is also close to the president went driving with General Harrison a few days ago, and put to him the question point blank if he was going to appoint Mr. Elkins to the cabinet. The president turned to him and said, "No."

VIEWED WITH DEEP CONCERN.

The Outbreak in Brazil Confirmed at Washington.

WASHINGTON, Nov. 6.—The department of state has received a cablegram from Minister Conger confirming the report of the dissolution of congress and declaration of martial law in Brazil. The disturbed state of affairs in Brazil is viewed with deep concern here, in view of the importance of American interests in that country and our close trade relationship with it.

There is reason to believe that the revolutionary movement is being fomented by a considerable party which seeks to re-establish a monarchical form of government in Brazil. Such reports as were received here during the past few months indicated a steady strengthening of the Republican feeling among the Brazilian people and while the news of the revolutionary movement causes much surprise, and will probably lead to the ordering of some of our naval vessels to points where trouble threatens, it is not generally believed the revolutionary element is strong enough to uproot the new republic.

Opened to Settlers.
WASHINGTON, Nov. 6.—The secretary of the interior has issued another order opening to entry, upon the homestead law, the surplus lands of the diminished Fort Assinaboine military reservation in Montana, aggregating 67,200 acres.

STRIPPED IN THE STRIP.

Town Site Scheme a Swindle Worked by Chicago Men.

WICHITA, Kan., Nov. 6.—President R. Dowell and Secretary L. A. Osborne, of the Cherokee Land and Town Site Company, were arrested at Ponca, I. T., Wednesday by United States troops. The direct charge is illegal entry into the Indian country, but the real intent is the expose of what is alleged to be one of the most rotten town site bubbles ever conceived. Dowell is said to have an office on La Salle street, Chicago, whence have been issued hundred of thousands of circulars of the Cherokee Land and Town Site company, drawing attention to the alleged future capital of the Cherokee strip named Cherokee City. Thousands of lots have been sold to prospective inhabitants of the imaginary town site at the rate of \$2 each. The promoters of the scheme, Dowell and Osborne, will be handed over to the United States marshal, and, it is expected, will be prosecuted for fraudulent use of the mails and getting money under false pretenses.

Bank Successfully Robbed.
CALEDONIA, Minn., Nov. 6.—The Bank of Caledonia was robbed last night, a blacksmith shop being entered to secure the tools, the vault being next entered and a fine burglar-proof safe blown to pieces. It was the work of experts. About \$6,000 in cash was secured besides notes and other papers. The burglars next stole a fine team of horses and a carriage belonging to Aas Duprague, the head of the bank, and fled toward LaCrosse. Reports received say that they broke open a safe at Hotchkiss on their way. Sheriff Drewry has a strong clew and with deputies is in pursuit.

DAMAGING DROUGHT.

Alarming Situation in the Southern Part of Indiana.

JEFFERSONVILLE, Ind., Nov. 6.—There is still no more prospect of rain than there was two months ago, and everybody views the situation with alarm. Wells, streams and ponds are completely dry in entire sections. Navigation on the Ohio river is impossible, and since the '50's nothing like this has been known.

The worst aspect is the damage to wheat and meadows. In many inland towns like Charlestown water is being sold. The cement factories near here are being supplied by the railroads, else they would have to shut down.

For the Farmer.

Corn is selling at 40 cents a bushel, delivered, at Flemingsburg.

Several crops of new tobacco have been sold in Scott County at 10 cents.

J. H. Cooper, of Scott County, sold eighty-three hogs at 4 cents. They averaged 300 pounds.

D. C. Terhune sold seventeen of the finest mule colts in Mercer County to F. P. James at \$80 per head.

Calvert & Brannon bought 21 fat steers that averaged 1,065 pounds from R. C. Ambler of Fleming County.

John T. Hughes, of Fayette County, sold to Mr. Trueheart, of Galveston, Texas, a pair of three-year-old matched bay harness geldings, one by Messenger Chief, the other by Harrison Chief, for \$2,500.

Miss Mary Daulton is at home after a pleasant visit to her cousin, Mrs. C. G. Stewart, at Indianapolis.

A Happy Event.
FORT RILEY, Kan., Nov. 6.—At 9 o'clock yesterday evening Colonel Dallas Baché, U. S. A. and Miss Bessie Forsythe, daughter of General Forsythe, of Wounded Knee fame, were married at the post. Following the ceremony was a most brilliant reception at the Forsythe residence, and then the couple started for the Pacific coast on a wedding tour.

Dry Goods House Assigns.
GALVESTON, Nov. 6.—The firm of Weis Brothers, one of the largest wholesale dry goods houses in the state, made an assignment yesterday to Gus. Lewey for the benefit of his creditors. The liabilities will probably foot up \$175,000. The firm consists of Albert and Robert Weis, and has been looked upon as perfectly sound. The assets include the store property on the Strand and warehouse, the stock of merchandise, consisting of dry goods, boots, shoes, hats, etc., together with wares and merchandise now shipped and en route, which may be rejected or returned.

Regulators in Mississippi.
BIRMINGHAM, Ala., Nov. 6.—Passengers reaching here from Vicksburg, Miss., report that last night a band of twenty-five masked men, known as "Regulators," boarded the train at Lake, Miss., and took Bob Wallace, a colored sleeping car porter from the train. They led him to the woods with a rope around his neck. Nothing has since been heard of Wallace, and it is believed that he was lynched. On his previous trip Wallace assaulted Station Agent Gilmore at Lake.

When Baby was sick, we gave her Castoria.

When she was a child, she cried for Castoria, when she became ill, she clung to Castoria, when she had children, she gave them Castoria.

The Regulation of the Lobby.

The lobby is so universally recognized as an evil, and yet politicians seem so commonly to agree that it is a necessary one, that any efforts for its regulation must command the interest of all patriotic Americans. The recent experiments in this direction in Massachusetts are described in the November Forum by Josiah Quincy, the Democratic leader of the lower House of the Legislature in that State, who had a large share in preparing the act in question. Though the principles on which the law is based are quite novel in American legislation, and though it met with violent opposition, it has been amply justified by its results, in Mr. Quincy's opinion; and we may doubtless expect similar acts to be passed in other States before many years have gone by.

Among other reforms, it has completely done away with the levying of blackmail on corporations by professional lobbyists.

The Markets.

Cincinnati Live Stock Market.

(Thursday.)

Receipts of hogs, 3,171; cattle, 375; sheep, 665.

Shipments of hogs, 1,424; cattle, 146; sheep, 88.

HOGS—Common, \$3.00@3.65; fair to good light, \$3.50@3.67; packing, \$3.75@3.95; selected butchers', \$3.35@4.15. Market active; higher.

CATTLE—Common, \$1.50@2.25; fair to medium, \$2.75@3.25; good to choice, \$3.50@4.00; fair to good shipping, \$4.00@4.75. Market strong.

VEAL CALVES—Common and large, \$3.00@4.75; fair to good light, \$4.00@4.75.

SHIPEE—Common to fair, \$2.00@3.00; good to choice, \$2.25@4.00; extra, \$4.50. Market dull.

LAMBS—Common to fair, \$3.25@4.00; good to choice, \$4.25@4.50; heavy shippers, \$4.00@4.50.

Market steady.

Cincinnati Tobacco Market.

(Wednesday.)

The market did not show much if any change from yesterday, holding steady and firm. Good to fine leaf, and those grades with color were active, and sold at full figures the supply of this kind though was small. A fair demand is shown for medium and common leaf, still prices remain low. The commoner and low grades show a good demand, and are selling well at prices that are generally accepted.

Of 1,000 lbs., 159 sold from \$1 to \$3.95, 165 from \$4 to \$5.95, 92 from \$6 to \$7.90, 37 from \$8 to \$9.90, 92 from \$10 to \$14.75, 46 from \$15 to \$18.75 and 8 from \$20 to \$24.50.
